

2022 NCHSAA Indoor Track & Field

State Championship Meet Awards Schedule

In order for this to run smoothly and efficiently we will need everyone on the same page. Coaches must share this information with their athletes.

Field Events Awards will be given as soon as the event has been completed. The head event official and the Field Event Referee will escort the athletes to the Awards Stand Marshall and stand. (By using Field Lynx, the results will be in the computer by the time they reach the Awards area.) The Awards Marshall will contact the Finish Line Coordinator (Tim Elrod), Timer and the Announcer. **All parties involved must have a radio.** (See me in Meet Management upon your arrival in order to sign one out.) The next heat on the track will be temporarily delayed. This should not take more than 90 seconds. **This entire process should not exceed 5 minutes.** If the athlete gets “lost”, we will proceed without them. **If the athlete is participating in another field, the field referee will let the event official know.** This will not affect their “Check-out/Check in” time.

Running Events Awards will be given after the next running event on the schedule. See schedule below. An **Awards Marshall** will escort the medalist to the awards stand as soon as they finish the race.
