

For pre-determined brackets the hosting priority process will be as followed:

1. Higher seed will host.
2. If equal seeds meet, the better head-to-head win/loss record will host.
3. If no head-to head contest or contest were split, team with the higher overall winning percentage will host.
4. If overall winning percentage is equal a draw will occur and the winner of the draw will host.
 - If schools cannot agree on logistics of the draw, the NCHSAA will draw.
