RULE 5-3-1D ADVANTAGE SIGNAL

The officials shall:
(d) call out "play on" and, with an underswing of one or both arms, indicate a foul which was observed but shall go unpenalized because penalizing the offending team would give an advantage to the offending team. 5-3-1d ADVANTAGE SIGNAL

Use of one arm to signal advantage is permitted.
The clock shall be stopped when a substitute by the team in the lead is beckoned onto the field in the final five minutes of the second period only, the second period of overtime and the fourth period (if the state plays in quarters.)

Rule Change

**RULE 9-2-1 DROP BALL**

The game is restarted with a drop ball:

- a. when the ball is caused to go out of bounds by two opponents simultaneously;
- b. when the ball becomes deflated;
- c. following temporary suspension of play for an injury or unusual situation *and a goalkeeper is not in possession of the ball.*
- d. when simultaneous fouls of the same degree occur by opponents.
9-2-1 DROP BALL

Unless a goalkeeper is in possession of the ball, the restart following a temporary suspension of play for an injury or unusual situation is a drop ball.
RULE 9-2-3 DROP BALL

The ball is dropped by an official from waist level to the ground. **Any number of players may contest a dropped ball (including the goalkeepers); a referee cannot decide who may contest a dropped ball or its outcome.**
9-2-3 DROP BALL

Any number of players may contest a dropped ball, including goalkeepers.
RULE 9-2-5 DROP BALL NEW

The ball shall be dropped again if it touches a player before it touches the ground or leaves the field of play after it touches the ground without touching a player.
9-2-5 DROP BALL

The dropped ball is repeated if it touches a player before it touches the ground or it leaves the field of play before it is touched.
If a dropped ball enters the goal without touching at least two players, play is restarted with a goal kick if it enters the opponent’s goal or a corner kick if it enters the team's own goal, depending on which player touched the ball last.
A goal cannot be scored directly from a drop ball; the ball must touch at least two players before entering the goal.
In case of a temporary suspension due to injury or any unusual situation the game shall be started by a drop ball at the point where the ball was when the play was suspended (except as noted in 14-1-7), provided the ball was not in the goal area and not in the possession of the goalkeeper. 12-8-2

Cochlear implants can be worn if they do not provide a threat of injury to players.
2019-20 NFHS

SOCcer Points of Emphasis
(ACL) injuries are devastating to athletes at all levels of competition. An ACL tear requires surgery and results in 6 to 12 months of rehabilitation before return to sports. It also increases the risk of future knee osteoarthritis. The majority of ACL tears are noncontact injuries, occurring while cutting, pivoting, or landing from a jump. The remainder of the injuries result from a direct blow to the knee or leg.
ACL injuries are more common in girls’ soccer than any other high school sport. In soccer, girls are 3 times more likely to tear their ACL than boys. Boys’ soccer has the highest rate of ACL injuries of all non-collision boys’ sports.
Given the significant short-term and long-term consequences of ACL injuries, a great deal of research has focused on strategies for injury prevention. Protective bracing does not minimize the risk of injury. In fact, we have no studies showing that “contact” ACL injuries can be prevented. However, we do know that noncontact injuries, the ones that result from cutting, pivoting, or jumping, can be minimized through the use of specific neuromuscular training programs.
ANTERIOR CRUCIATE LIGAMENT (ACL) INJURY PREVENTION (CON’T.)

The goal of such training programs is to teach athletes proper body mechanics in jumping, landing, and running. Through a series of warm-up drills, athletes can improve physical skills and decrease the risk of a noncontact ACL injury. The NFHS is now offering a free online course on “ACL Injury Prevention” on NFHSLearn at https://nfhslearn.com/courses/61163/acl-injury-prevention. The NFHS Sports Medicine Advisory Committee (SMAC) strongly supports the implementation of this course in high school and middle school soccer programs in effort to decrease the risk of serious knee injuries.
The majority of ACL tears are noncontact injuries, occurring while cutting, pivoting or landing from a jump.
Noncontact injuries can be minimized through the use of specific neuromuscular training programs.
NFHS is offering a free online course on “ACL Injury Prevention” on NFHSLearn.
An authorized representative of the host school shall greet the officials upon their arrival. The host school principal, principal’s designee or game administrator must indicate to the head official or center referee his/her location should a situation develop where his/her assistance is needed during a contest. The contest coaches should not serve as the principal’s designee or game administrator. The expectation is that the principal’s designee or game administrator will take positive action to maintain an atmosphere of good sportsmanship within the spectator seating area.
The site administrator should indicate his/her general location for the contest so that the referees know where to look if there is a need.
OFFICIALS COMMUNICATING MISCONDUCT TO COACHES

NFHS Rule 5-3 states that game officials shall communicate the nature of misconduct to coaches, the scorer and other officials when a yellow/red card has been issued. This communication is a notification and not an explanation. It is not intended to be an opportunity for the coach to discuss or dissent the call. It is, however, an educational opportunity for the coach to address and/or correct the behavior of the carded individual.
It is important to note that interscholastic athletics are an extension of the classroom and the behavior of all involved should reflect as such. Coaches and officials are expected to model good sportsmanship and to uphold the honor and dignity of their profession. This includes all interactions with student-athletes, other coaches and officials, school administration and spectators.
The referee shall communicate the nature of the misconduct to coaches, the scorer and other officials when a yellow/red card is issued.

General Board Changes

2019-20
Gender of Player

- The NCHSAA allows participation in interscholastic athletics for all students, regardless of gender or gender identification.
Gender of Player

- A student may participate based on the gender noted on the student’s certificate of birth.

  - Women shall not participate on a men’s interscholastic athletic team where the school has a women’s team in the same sport or where a school sends an entry to the women’s state playoffs in the same sport.
    - In cases where women are permitted on a men’s team, the school forfeits all participation in the women’s playoffs in the same sport.

- Men’s rules will be used where women play on men’s teams.

- Men’s shall not participate on women’s team’s in any sport.
Gender of Player

- When a student’s gender identity differs from the gender listed on the student’s certificate of birth, the Gender Identity Request Form must be submitted by the member school to the NCHSAA prior to any participation by the student under circumstances that would constitute ineligibility.
Gender of Player

The following information should be submitted with the Request:

- Documentation from individuals such as, but not limited to, parents/legal guardians appointed by a court of competent jurisdiction, friends, and/or teachers, which affirm that the actions, attitudes, and manner demonstrate the student’s consistent gender identification.

- A complete list of all the student’s prescribed, non-prescribed, or over the counter treatments or medications relative to gender identity.

- A complete list of interventions that have happened related to the gender identity of the student.

- Written verification from an appropriate healthcare professional (e.g. physician, psychiatrist, psychologist, school nurse, etc.) of the student’s consistent gender identification. Include any other social/emotional information from health-care professionals that would help the Committee make a decision about the student. This information must be submitted on office letterhead of the healthcare professional who provides verification with contact information and professional title of the individual.

- Any other pertinent documentation or information which the student or parent(s)/legal guardian(s) appointed by a court of competent jurisdiction believe relevant and appropriate.
Gender of Player

- The NCHSAA will refer the Gender Identity Request to the NCHSAA Gender Identity Committee for consideration.
  - The NCHSAA Gender Identity Committee will consist of the following:
    - Current member of the Board of Directors;
    - LEA or school administrator;
    - Physician with experience in gender identity health care and/or World Professional Association of Transgender Health (WPATH) Standards of Care;
    - Psychiatrist, psychologist, or licensed mental health professional familiar with the WPATH.
  - The Committee will approve the Request if it finds that the student genuinely identifies as the gender indicated in the Request.
Gender of Player

- The Committee will require that the member school has verified that the student is eligible in all other aspects.

- The Committee will respect and promote the student’s privacy and confidentiality rights under HIPPA and FERPA in the process of considering a Gender Identity Request. Information provided to the Committee will be shared only to the extent necessary to decide the Gender Identity Request; provided that, if a Gender Identity Request is approved, the student’s school may share the student’s gender identity with other schools as necessary to ensure appropriate accommodations when competing at another school.
Gender of Player

In cases where a Gender Identity Request has been approved:

- The student will be declared eligible to participate based on the student’s gender identity.
  - 1.2.4.a is not in effect.

- It shall be the responsibility of the school to comply with all state and federal mandates/laws.
Home School Participation

Initial Eligibility

- Home school students
  - Documentation from the Division of Non-Public Education must be presented upon initial dual enrollment- attendance, immunization, transcript, school number, etc.

- Home school students must communicate athletic intent at a member school in which they are domiciled and follow the enrollment and assignment procedures/policies established by the local board of education.
  - Notice to principal must take place at least ten days prior to the first practice date of each sports season.
Home School Participation

Attendance

- Home school students:
  - Must have been enrolled in the registered home school for 365 days prior to being eligible in a member school.
  
  - Once deemed eligible at a member school, the student must maintain continuous dual enrollment.
    - Unenrollment would render the student ineligible for 365 days.
  
  - Must participate in a class schedule that is at least one half of the school’s instructional day
    - At least one class must be on campus each semester or meet LEA requirements.
Home School Participation

Scholastic Requirements:

- A student must have passed a minimum load of work during the preceding semester to be eligible at any time during the present semester. The semester is normally considered half of the academic year. All students must also meet local promotion standards, set by the LEA and/or the local school. **Home school students must be on grade level according to a nationally standardized achievement test(s) indicating grade level.**

- A minimum load is defined as five courses in the traditional school schedule and three courses for schools on the “block” format. If the school is on an A/B form of block scheduling, a student must pass six of eight courses during what would traditionally be defined as a semester. Any student, including seniors must pass that minimum load, even if they need fewer for graduation. **Home school student must pass all public school courses in which he/she is enrolled.**
Transfer Policy

- Students transferring to the same member school where the student’s coach has relocated within a calendar year will be deemed ineligible in any sport in which the coach is involved.
  - Now applies to within LEA as well as from LEA to LEA.

- If deemed ineligible due to athletic purposes, the student will only be ineligible in that sport(s) in which “athletic purposes” was reason for not authorizing
Foreign Exchange Students

- After the first year of participation as a Foreign Exchange Student
  - Student can be eligible subsequently, based on the two-semester rule
    - Applies to the same school of initial enrollment
Ejection Policy

- Clarified this policy:
  - Leaving the bench and coming on to the playing area during a fight (whether they participate in the fight or not)
Unpaid Fines

- Unpaid fines will be posted for NCHSAA membership view only
Eligibility Summary Forms

- Deadline Changes
  - Fall - September 1
  - Winter - December 1

Suspended Game (NFHS Rule)

▶ If a game is suspended due to bad weather, light failure, etc.:

▶ If suspended in the first half, even if one team is ahead, the game is picked up from the point of interruption unless coaches agree to end it.

▶ If suspended at half time or beyond, the game is over. If the score is tied when the game is suspended, then the game ends in a tie. If one team is ahead when the game is suspended, then it is the winner.
Tied Games

NCHSAA Rule

- Ties must be broken in all conference matches, which would include a conference tournament if one is held. If a tie score exists at the end of regulation play during each conference varsity game, there will be two, complete five (5)-minute overtime periods—not sudden victory. If the score is still tied at the conclusion of the two five (5)-minute overtime periods, the tie will be broken by kicks from the penalty mark.
Tied Games

NCHSAA Rule

- All regular season, non-conference games that are tied at the end of regulation will result in a tie.

- In non-conference tournament play and NCHSAA Playoffs, tied games must be resolved by the NFHS Tie-Breaking Procedure, and those decisions count in a team’s won-loss record. One goal is added to the winning team’s score, and an asterisk may be placed by the team advancing to indicate advancement was the result of the progression format.

- Junior varsity teams do not play overtime periods

Playoffs/Seeding - Berths and Qualifications

(a) Lacrosse, Tennis and Wrestling will use pre-determined brackets which will be posted on the NCHSAA Website when they become available.

(b) Conference automatic qualifiers are determined by the number of teams from a given classification in each conference as follows:
   (1) 1 - 4 teams = 1 automatic qualifier
   (2) 5 - 8 teams = 2 automatic qualifiers
   (3) 9 or more teams = 3 automatic qualifiers

(c) Conference tournament champions automatically qualify
   (1) If the regular season champion also wins the tournament, no additional berth will be awarded.
   (2) If a team other than the regular season champion wins the tournament, it will automatically qualify for the playoffs. The team will be seeded as an at-large berth in the playoffs unless already automatically qualified based upon their regular season conference finish.

(d) Split conference application
   (1) The highest finishing team from a given classification will automatically qualify, regardless of overall conference finish.
   (2) Two teams that finish 1st and 2nd overall in the conference from the same classification will automatically qualify regardless of rule 4.1.10(a)(1-3).

   NOTE: Ties for 1st place in the overall conference or for highest finisher in a classification must be broken using the established tie-breaking procedure [rule 4.1.13].

(e) If too many teams qualify using the above criteria, adjustments to the established bracket size will be made to accommodate the automatic qualifiers.

(f) If not enough teams qualify using the above criteria, the bracket will be filled by non-automatic qualifiers in that classification.
   (1) Teams in their classification will be selected to fill the remaining slots in the bracket based upon conference finish then the highest Adjusted MaxPreps ranking.

   NOTE: Under no circumstances may a team "leap-frog" a higher finishing team in its own conference. For this procedure split conferences will have their classifications treated as separate entities.

Playoffs/Seeding - Assigning Seeds

(a) Once the qualifying teams in each classification are determined, they will be divided into two regions of equal size (East and West) based on the longitude of each school.

(b) The teams in each region will be seeded as follows:

   (1) Seed all 1st place automatic berths by Adjusted MaxPreps ranking (or other NCHSAA selected ranking system); then
       **NOTE:** The highest finishing team in its half of a split conference must finish in 1st, 2nd, or 3rd place overall and/or have an overall winning percentage of .500 or higher in order to be seeded as a #1. Otherwise, the team will be seeded with all other at-large teams.

   (2) Seed all 2nd place automatic berths by Adjusted MaxPreps ranking (or other NCHSAA selected ranking system); then

   (3) Seed all 3rd place automatic berths by Adjusted MaxPreps ranking (or other NCHSAA selected ranking system); then

   (4) Seed all conference tournament champions and at-large berths by Adjusted MaxPreps ranking (or other NCHSAA selected ranking system).

(c) Once seeding is complete:

   (1) Existing byes will be awarded to the highest seeds possible.

   (2) The higher seed is the home team unless otherwise determined by the NCHSAA.
2021-2025 Realignment

- The Board of Directors instructed NCHSAA Staff to delay the Realignment process by one year
  - Eliminating the “lame duck year” of the alignment period

- Decision was to give various committees the opportunity to review the realignment process and the Association’s current classification structure while providing the necessary time for the Board and membership to make any necessary changes to implement their recommendations
Inclement Weather

- Emergency Measures By The Board of Directors
- Spring 2019

“In light of the recent weather issues spring sports have experienced, and knowing that bad weather is a possibility moving forward this spring, the Board of Directors unanimously approved the following measures, effective immediately through the end of the regular season:

- In baseball and softball, by mutual agreement, two member schools may agree to play two five-inning games in a doubleheader. (Note: this does not violate NFHS playing rules and is permissible by state association adoption) This would not remove the current option of playing a double header as two seven-inning games, or until a regulation game is completed.

- In lacrosse and women’s soccer, amend the weekly limitation to allow for a fourth game/match in a week, provided the fourth game/match is on a non-school day.”
DAITH PIERCINGS

- Not approved by NCHSAA and NFHS Sports Medicine Advisory Committees

- No special waiver will be given even with a physician’s note/authorization.

- No waiver - no participation.
