

DragonFly makes sports and activities more organized with easy-to-use digital forms, health records and communication tools. Their sports management tools are used by more than 300-thousand administrators, coaches, parents and student athletes nationwide for registration, game scheduling, payments, and more.

The NFHS has partnered with DragonFly to create the Center for Officials Services (COS); a digital officiating platform for registration, assessments, assignments and payments. We're excited to introduce this technology to your associations free of charge.

Here are the steps to get started as an official:

1. Create your account
2. Choose your role as Official > Contest Official
3. Choose your state association and sports
4. Choose your regional or local associations for each sport.
5. Complete all items for registration

You can get started at www.dragonflymax.com/cos. You can also view tutorial videos and printable instructions at <https://www.dragonflymax.com/academyofficialsregistration>.

If you have questions, contact the NFHS office. If you have any technical issues, contact the DragonFly team at www.dragonflymax.com/contact.
