

## How to Get involved with NCHSAA Swimming

So you have been contacted by your student's need for a swimming official. In order to get involved in the capacity of swimming official you must attend a training, and pass an examination prior to getting on deck as an official. Below are the steps you must complete to become an official:

1. Create a profile on the NCHSAA website: <https://officiating.nchsaa.org>
2. Register as a swimming official and choose the NCHSAA as your booking Association
3. Pay your registration fee online or via check/money order
4. Rules books will be mailed out within 48-72 hours of registration
5. Attend clinics in your area
6. Your name will then get updated online as a registered official, and you will be eligible to work as an swimming official
