Cameras

The use of audio, video or digital recording devices is prohibited except for accredited members of the media.

Point-and-shoot and cameras with detachable lenses are allowed, based on the following parameters:

- Detachable lenses must be less than five (5) inches long and less than three and a half (3.5) inches in diameter.
- The camera body cannot exceed three (3) inches in depth/length.
- The overall camera and detachable lens combination cannot exceed eight (8) inches in overall length.

All other attachments are prohibited including wide angle lenses, lights, microphones, electrical connections, tripods, handles, oversized bags and stands. Moreover, be aware that certain camera features such as shutters and winding gear motors are noisy and may be a disturbance, thus we ask that you curtail use if advised.
