Entering your Divers

Your entries have been recorded.
You may [edit them](#) until the deadline. If you have dive sheets to enter, they will now be available on your [entry matrix page](#).

- EAST regional teams need to enter their divers' lists through the link included on the entry matrix page:

Entry times are NOT updated when and if results are updated. If your swimmers have improved their times, you MUST resave your entries to reflect updated times. The grid display will always show the best time even if it's faster than what's been submitted as an entry.

To use this form, simply click on a qualifying time to select that entry. For relays, select swimmers in order they will swim.

You have one or more divers entered in this meet, please [enter their dive sheets here](#).

Entering your Divers, cont.

- The dive entries module will show you all of your entered divers for a given event (either girls or boys).
- Open the dive sheet for each, enter the dives, and click submit.
- Correctly entered dive sheets will be updated with a green icon.
- Only correct dive sheets will be accepted. The system will identify mistakes.
- Refer to NFHS Rule 9 Section 4 Article 1 for dive selection requirements.
